

TO: All faculty and staff in the Teachers Retirement System

FROM: Human Resources

Last fall, you received an email from the Teachers Retirement System, notifying you of the TRS board decision to increase the employee and employer contribution rates this summer. We are posting this message as a reminder of the pending TRS rate change.

If you participate in the TRS retirement plan, your contribution will increase from 5.00% to 5.25% of your salary effective July 1, 2009. The employer (UGA) contribution rate will increase from 9.28% to 9.74%. These adjusted amounts will be reflected in your July paycheck.
