## **Mandatory Source for Metal Filing Cabinets**

The State of Georgia has a mandatory source, Georgia Correctional Industries, for the purchase of metal filing cabinets. The only time metal filing cabinets can be purchased from a vendor other than GCI, is if the new cabinet must match an existing cabinet that was purchased from another source, or if budgetary constraints do not permit a purchase with GCI.

### **How do I place an order with this vendor?**

*Please submit a purchase request listing the part number, general description, and color. If you are purchasing multiple filing cabinets please also list if you would like the cabinets to be keyed alike.*

### **Where can I find out more about the filing cabinets available?**

*We have attached a pricing list and product information [here](#). GCI also has a website available for more details on products sizes and colors.*

[www.gci-ga.com](http://www.gci-ga.com)

### **Are there any discounts available?**

*Yes, if you are purchasing more than one of the same cabinet you can reduce the unit price by \$5. If you are purchasing a quantity of 6 or greater of the same cabinet you can reduce the unit price by a total of \$10.*

### **Can I use my P-Card?**

*Yes, provided that the total purchase will not exceed your single transaction limit.*
