

!! ANNOUNCING A NEW LAB WATER CONTRACT !!

NEW for FISCAL YEAR 07 (and continuing through FY 2011)

New Contract – New Name;

On June 1st, 2006, US Filter/Ionpure Inc., officially changed its name to **Siemens Water Technologies Corp.** The branch office in Roswell, GA remains; with the same personnel, and services, and will continue to deliver the same dependable and knowledgeable level of services and products to the UGA Athens, Tifton, and Griffin campuses.

>>> The contract includes these services <<<

- Service Deionization Water Systems and Exchange Service
- Laboratory Water Systems, Expendables and Maintenance Service
- Filtration Components and Expendables
- Reverse Osmosis, and Pretreatment Equipment, Installation, and Service
- Softening, Carbon Filtration, and Ultra Violet Light Technologies
- Preventative Maintenance and Water System Upgrade Services
- *Don't forget to ask your Siemens representative about adding leak detection/alarms to your existing/new sites! [Mike Whittenbarger, SDI Specialist, mike.whittenbarger@siemens.com,]*

Instructions for paying for Lab (deionized) Water service in FY 07:

REGISTERING YOUR P-CARD WITH SIEMENS -

WHAT YOU WILL DO:

Prior to July 1, of the previous fiscal year, or early in July, (example: if you are setting up payment for FY 2007, then prior to July 1, 2006) you will contact January Ryan, of Siemens, at january.ryan@siemens.com, or (800) 553-0651 Ext. 17. You will give her your P-Card number and the **site numbers**. She will then set up your account for payment of regularly scheduled service.

HOW IT WORKS: 1.) **ROUTINE SCHEDULED MAINTENANCE UNDER THE CONTRACT;** The Siemens technicians provide service on a scheduled basis (tickler system), when the invoice is generated for the service/work, your P-Card will then be charged.

2.) **UNSCHEDULED MAINTENANCE UNDER THE CONTRACT;** For service that **YOU** request (because your DI system needs service sooner than the scheduled date), you will call (800) 553-0651, to schedule the service. **YOUR CARD WILL NOT BE CHARGED UNTIL AFTER THE SERVICE IS PERFORMED.**

WHAT PROCUREMENT WILL DO: You must set up service for FY 07 by clicking on the e-mail address below, you will be sent pricing and directions for service on existing Siemens lab water sites. Procurement will contact Siemens regarding your **intention** to pay for maintenance during the up-coming fiscal year.

Click on my e-mail address for FY 07 prices and set up. *If you have questions, at any time*, call Cynthia Baker, Contract Administrator, at (706) 542-7114, or cbaker@uga.edu
